

**Did you know** that bees use sunlight to determine their location and the direction they want to travel. In this way they leave a path for others to follow, they expand territory, they spread pollen, and scout new opportunities. At T30 we seek discernment from the Holy Spirit and ask specifically for opportunities to serve. Once these opportunities are revealed and observed we return to seek the wisdom of our Board of Directors. In 2023, our ministry's reach extended far and wide across Ukraine and Europe. Take a look at the paths we established and impact of the footprints we left behind.

**In 2023 we received and distributed approximately \$70k to ministries and individuals.**

### Our team

In 2022 we established our Board of Directors and in 2023 inacted our first guided actions, established processes, and discussed many "next steps".

### Board of Directors

Tom Lasley - Chairman
